

# CALLING ALL GRADE 9 GIRLS...

JOIN US FOR 2018 SPARKING SCIENCE  
THROUGH MENTORSHIP!

Did you know a career in science can be fun, satisfying and come in many different shapes and forms? Hear first hand from awesome and diverse women working in science and technology who are making the world a better place. Ask them any questions you may have about a career in science through our interactive sessions.

**WEDNESDAY, OCTOBER 10, 2018**

**University of Toronto, Scarborough Campus**

**8:30am to 2:00pm**

**Lunch will be provided**

**KEYNOTE SPEAKER: Dr. Christina Guzzo is an Assistant Professor of Virology in the Department of Biological Sciences at the University of Toronto Scarborough. Her research involves cutting edge research on HIV pathogenesis. Impressive!**

Conference registration is limited to grade 9 female students from Ajax H.S., Dunbarton H.S., Pickering H.S., Pine Ridge S.S. or Port Perry H.S.

For more info and to register, visit: [www.ecospark.ca/sparking-science](http://www.ecospark.ca/sparking-science)

This conference is a collaboration between EcoSpark, Dunbarton High School, the University of Toronto Scarborough (UTSC) and the Durham District School Board with financial support from the Office of the Vice-Principal Research and the Office of the Vice-Principal Academic & Dean at UTSC, Veridian, the SHSM program and Ontario Power Generation.
